

WELCOME TO THE JOLLY!

LONGMAN BREWERY

Nestled in the picturesque village of Litlington in East Sussex, Longman Brewery has been making award-winning, high-quality, balanced, and eminently drinkable cask and keg beers since 2012.

Crafted in a converted flint barn in the heart of the South Downs National Park, Longman Brewery put environmental sustainability at the heart of everything they do. Long Man beers are brewed using regeneratively farmed barley, grown on-site and without tilling, they use nature's natural cycles and biodiversity to lock in carbon, keep the worm population healthy and prepare the soil for growing barley.

At their core they aim to produce Naturally Excellent Beer as well as give back to the land and community they rely on to sustain their business.

360 BREWERY

360 Degree Brewery started up in 2013 as a predominantly a small cask brewery selling into the local community. In late 2021 they opened a Tap Room at the brewery on Sheffield Park Industrial Estate where the community can enjoy a beer within earshot of steam locomotives from Bluebell Railway and a view across a beautiful rural setting.

ONLY WITH LOVE

Founded in 2020 (in lockdown 1 & 2) by Steve and Roger, Only with Love is based in Uckfield and they create kombucha and beer for better minds, bodies and spirits.

They believe in principle that there's only one way to do things: with love. Their drinks are made with the freshest, most healthy ingredients and processes. They brew predominantly zero to 5% ABV drinks: a compelling range of fun, premium AF (alcohol free) beers, kombuchas, hop sodas and regular beers that are perfectly in step with today's mindful drinker: from breakfast to closing time.

ASCENSION CIDER

Ascension Cider Co is owned and run by Matt Billing, a third-generation Hot Air Balloon pilot with a passion for cider. From humble beginnings in 2017, they are now based in an old apple store on an Orchard in East Sussex, where over 20 varieties of apples are grown.

Their three 7,000-litre tanks are filled and emptied throughout the year with a variety of apples, including apples that have been dismissed by supermarkets for not reaching arbitrary visual standards. Their ciders are fermented with only the wild yeasts brought from the orchards by the apples, and as they utilise just the natural sugars and acids found in the range of varieties they use - their ciders may change in taste from blend to blend. In many ways each batch is a reflection of the orchard, capturing the changes from season to season.

Here at the Jolly we endeavour to focus as much of our offering on local producers as possible. Part of the pleasure in this is knowing exactly where our products are from, the practices used to obtain them, and the people behind producing them.

Our team take pride in producing what we can from scratch, from cocktail syrups to dehydrated garnish! Our sous-chef Beth is a keen forager and her finds make their way into our kitchen and bar. She continues to produce a range of infused spirits, such as our horseradish and wild garlic vodka that we use to make a punchy Jolly Bloody Mary.

ARTELIUM WINE ESTATE

Our most local wine producer, Artelium, is the artistic endeavour of Julie Bretland and Mark Collins. Based in Streat (approximately a 20 min walk across the fields), Artelium creates vintage English sparkling and still wines from their two beautiful Sussex vineyards.

Artelium combines their shared passions of contemporary art and great wine through art exhibitions at their cellar door, commissioning and creating contemporary art displayed in the vineyards. The Artelium team works closely with celebrated winemakers such as Dermot Sugrue to express the unique character of each vintage and put their creative stamp on particular wines.

Here is a little information about some of the newly listed Artelium wines that you can enjoy here at the Jolly!

Blank Canvas Sparkling 2021 **12.50 Glass | 65 Bottle**

Pinot Gris, given traditional method treatment to become a fresh, fine sparkling wine with beautiful texture. Fruit forward, young and fresh, and intentionally easy-to-love (a blank canvas, if you will). A rarity offered almost exclusively to The Jolly!

Chardonnay 2022 **13.50 Glass | 52 Bottle**

A multi-layered Chardonnay, with a dash of barrel-aged Pinot Gris. Bright lemon citrus, hints of juicy mango and pineapple. Alongside the fine-lined fruit, there is a subtle note of struck match. A great balance of delicious fruit and tense, lively acidity with a long finish.

Rose 2022 **13.50 Glass | 52 Bottle**

A careful curation of Pinot Noir and Meunier, this is a concentrated, bright, characterful rosé. With cranberry, raspberry and ginger aromas the palate adds peachy fruit and subtle vanilla pod complexity. A fine acid line keeps it moreish and refreshing.

Pinot Noir 2022 **13.95 Glass | 55 Bottle**

A bright, concentrated, beautifully ripe red Pinot Noir from the vineyards in Streat and Madehurst, Sussex. Layers of subtle spice and classic savoury Pinot edge alongside the berry and cherry fruit. Great balance. A full-flavoured, complex, lighter structured red.

RIDGEVIEW WINE ESTATE

For more than 25 years, Ridgeview has been producing world-class English sparkling wine - focusing on quality and sustainability from grape to glass. As specialists in cool climate viticulture and sustainable winemaking, they use the finest, perfectly balanced grapes, handpicked in bunches and gently pressed.

Their dedication to setting new standards for sustainable growing and production is evident, and both their vineyard and winery are accredited under the Wines GB Sustainability scheme.

Their initiatives in the vines include cover crop bio-diversity, improving soil structure, encouraging natural grape pests and reducing the use of herbicides. Their underground cellars require no energy supply, relying instead on natural, ambient temperature control.

SUGRUE SOUTH DOWNS

The world-class sparkling wines of Sugrue South Downs are the personal project of celebrated winemaker Dermot Sugrue, in collaboration with his winemaker wife Ana, and their small team of dedicated vineyard professionals: Liesa, Geoff and Shaun. Together they manage three exceptional, mature vineyards across the South Downs of East and West Sussex, the earliest planted in 2005 and 2006 on chalk soils.

In May 2023, they made a little piece of history by buying their first vineyard - Bee Tree Vineyard near Wivelsfield Green. This vineyard was planted on clay and lower greensand soils in 2015, comprising mostly Pinot Noir. It's a warm site, extremely well protected from wind and in an idyllic location where all you can hear is birdsong.

OFF THE LINE

Producing exclusively rosé still and sparkling wines in the Sussex Weald, founders Kristina and Ann-Marie are involved in all aspects of grape growing and winemaking from grape to bottle. Their shared passion for making great wines ensures that their vineyard produces high-quality grapes for their wines every year.

The 13-hectare site includes species-rich pasture land, ponds and natural woodland, abundant with bluebells in the spring. Their vineyard practices reflect their commitment to maintaining and improving soil health, conserving the environment and promoting biodiversity in the vineyard. All prunings are mulched annually, returning nutrients and organic matter to the soil.

COURT GARDEN

Court Garden is a family-run, single-estate vineyard and winery in East Sussex, producing English sparkling and still wine, set on a beautiful south-facing slope with the South Downs as a backdrop. Their Sparkling English Wines are all hand-crafted using traditional grape varieties and bottle fermentation, where long ageing on the lees adds to the complexity of the flavour.

**for more information about our beer & cider producers,
take a look at the back of our wine list!**

MILK PUNCH

Clarified Milk Punch: noun

1. A cocktail made using the traditional English preservation method, dating back to the early 1700s. Created through a sort of alchemy: milk is prompted to curdle, binding certain particles in the punch, which are strained away, leaving a translucent liquid that is stripped of astringent and bitter notes and giving the cocktail a supple texture.

London Fog Milk Punch	10
Gin, earl grey tea, triple sec, lemon, vanilla	
Kentucky Peach Milk Punch	12.5
Bourbon, peach puree, creme de peche, lemon, bitters
